President Pritchett has named the following men for the House Committee of the Tech Union: Harold V. Coes, '06, chairman; John H. Leavell, '07, Harry Webb, '08, E. A. Hunt, '09. In view of the resignation of President Pritchett's secretary, Mr. A. LeF. Derby, which takes effect on January 1, certain changes in the administration of the Union have been necessary. The Union will be under the general charge of Bursar Rand, and he will gladly welcome any suggestions looking to the betterment of the Union. Arrangements for smokers, class dinners, etc., will be made with Mr. Leonard Bushnell, in the Registrar's office. The Saturday night Kommers will be under the direction of the House Committee

LYRICS FOR TECH SHOW.

At a called meeting of those interested in the Tech Show, about twenty listened to an explanation of the situations for which lyrics are desired. The management wishes to have all songs handed in by the opening of the second term so that rehearsals may begin at once. Men expecting to compete in this line were asked to consult the Stage Manager, A. Macomber, '07, at an early date.

HOCKEY TEAM OUT.

Prospects Are Good For a Strong Team.

The outlook for the Hockey Team this year is very favorable, and much enthusiasm is being shown by the men who are trying for the team. By arrangement with President John I. Taylor of the American League Base Ball Club, the management has secured the use of the rink on the Huntington Avenue grounds. This rink measures 90 x 100 feet.

All the players and substitutes on last year's team are back with the exception of Dwight, and twelve new men are already out for practice. The following is a list of the men who have already reported: Forwards, A. Miller, '07, captain; G. S. Coleman, '08, J. S. Coupal, '07, W. D. Ford, '08, G. S. Gould, '07, H. McCready, '09, W. J. A REQUEST TO THE MINERS.

Will each man present at the meeting of the Mining Engineering Society on Wednesday, when Professor Blake lecture, please leave his name at the Cage for A. T. Heywood, president of the Society? These signatures are wanted to be appended to a communication of appreciation and thanks which is to be sent to Professor Blake in Arizona.

YALE FACULTY AFTER FOOTBALL.

A rumor comes from Yale that, independent of the investigating committee and Mr. Walter Camp, there is a move on foot in the faculty to lessen the "overimportance" of football at Yale for all time. Whatever action may be taken will be entirely independent of any other university, and wholly by Yale on her own behalf. Rumor has it that if football is to remain, a mere revision of rules by Mr. Camp will not do; he must give some assurance that the new game will be free from the objectionable features now present.

It is thought by many that a condemnatory article recently published struck home, containing, so it seems, much truth, if some fiction.

TUFTS TIES TECH.

A Hard Fought Game Ends With Score of 23 to 23.

On Thursday evening at Tufts, Tech played a fighting game with the home team. At the end of the first half the score was 10 to 10. After 20 minutes of fast play in the second half the score was tied, 21 to 21. By consent of both captains time was extended five minutes, during which both sides gained a goal from a foul. The time was extended again and Tufts scored immediately, but was tied again in the last minute of play, when Tech was able to score on a misunderstanding of the referee's whistle. The game was then declared off, neither side claiming a victory.

JUNIOR PROM COMMITTEE.

The nominations for the Prom Committee closed on Friday with the following men for the ticket: Albro, Allen, Bryant, Donnewald, Draper, Evans, G. A. Griffin, Hallett, Hastings, Jaccard, Leavell, Macomber, Marks, McGregor, Middleton, Noyes, Reyburn, Robbins, Starkweather, Whitney, Woodward.

Ballots will be ready at the Cage on Monday, and the election will close at 4 P.M. at the Cage on Thursday next. Five members will be elected, and no unsigned ballots will be counted in any case.

WALTER CAMP FAVORS CHANGES.

Among the changes which will be considered by the intercollegiate football rules committee at its next meeting in Philadelphia, Walter Camp, the Yale athletic adviser, considers opening the play and lessening accidents and unnecessary roughness, as absolutely essential. He expresses the belief that the committee must answer the public demand for reform and that Yale, owing to her position, has a special responsibility in these reforms.

Mr. Camp states that the committee is practically agreed on measures tending to eliminate brutality and provide competent officials. He also suggests shortening the playing halves, a distance penalty for time taken out at the request of the captain, the ball be called dead when any part of the person of the runner, save his feet, touches the ground, more rigid definition of the use of hands and arms, and better protection for catching the ball.

At the Princeton-Harvard debate on Friday night, the Princeton men demonstrated that at least one class of men at Old Nassau do not approve of football, and know why they do not. The Princeton debaters argued Harvard to a finish on the question, "Intercollegiate football in America is a detriment rather than a benefit.

WILLIAM A. NICHOLS, PRINTER, 208 SUMMER ST., REAR

It is with regret that we hear of the resignation of Mr. A. LeF. Derby, President Pritchett's secretary. Like Dr. Pritchett, he leaves to associate himself with the work of the Carnegie Foundation. He has earned the gratitude of all who have to do with the Union by the development shown during the three years of his administration of it. We are sure he takes with him the best wishes of his many friends amongst the student body.

Mr. Derby Resigns.

The outlook for hockey this season is bright. Of last year's team the captain and four men are back and the new material that has reported shows good prospects of developing into strong players. The schedule, though not yet completed, is the best a Tech team has had in several years. For the first time since 1901, the team will go to New York during the Christmas holidays to play three games. This will be valuable experience for the later games and should aid materially in rounding the men into shape.

Hockey Team.

Despite the difficulties which a hockey team must always experience in Boston, a good team was developed last year, in fact the showing was such that the Advisory Council recognized the efforts of the men by awarding them the HTT.

The use of the rink at the American League Grounds will give the team an advantage which it has not had before. Last year an indoor rink was built, but the work was not completed until late so that development in the team was slow. The work so far has been enthusiastic, still much remains yet to be done to bring the playing up to collegiate standards and with hard work this can be accomplished. We hope that the team will be a worthy representative of Technology.

That the preparatory education in mathematics is often insufficient was the concensus of opinion of the Association of Mathematical Teachers of New England, at their meeting held recently in Huntington Hall. Several of the college instructors present testified that the requirements have had to be slackened owing to this lack of fundamental ability.

RELAY TEAM PICTURE.

The twelve members of the 1908 Relay Team, together with the two substitutes, sat for their pictures at Chickering's on Saturday afternoon.

COLLEGE NOTES.

Ice football is to be played this winter by teams representing Minneapolis and St. Paul. Short skates will be worn to admit of punting. The game will be played just as on the ground, except that in tackling the man with the ball it will be sufficient to touch him. The Twin City Skating Association of Minneapolis is organizing teams for the play.

The University of Michigan Athletic Association netted $25,000 profit on the 1905 football season, enabling it to pay a debt of $5000 which existed on Sept. 1, the result of improvements on Ferry Field, the college athletic ground, and have a handsome balance for further improvements of Ferry Field.

Tremont Theatre.

Mrs. Fiske and the Manhattan Company have made a great success in "Leah Kleschna" at the Tremont Theatre, Boston, and are crowding that playhouse at every performance. All the reviewers speak in the highest terms of the play, and agree that no better acting than Mrs. Fiske and her associates offer has been seen in many years. The story of "Leah Kleschna" is wonderfully appealing and intense. Mrs. Fiske creates a type that probably no other actress could duplicate. The greatness of her art was never better demonstrated. Her principal associates, John Mason, George Arliss, Frederic de Belleville and William B. Mack, all act superbly, and the minor roles are admirably played. The engagement will continue for one week longer. There is only one matinee a week—on Saturday. The performance is one that no playgoer should miss.

Castle Square Theatre.

The coming week at the Castle Square Theatre will be made notable by a revival of "She Stoops to Conquer." It will form the second of the five classic productions to be made during the present season, and in scenery, costume and acting it will be as complete as modern stage art can make it. The scenery will be prepared from designs by Frank Chouteau Brown, and it will reproduce accurately the quaintness of the Eighteenth Century life in which its events take place. Few comedies excel "She Stoops to Conquer," and it shares with "The Rivals," and one or two other plays, the honor of having kept the stage for nearly a century and a half since its opening performances. All its leading characters, Tony Lumpkin, Mr. and Mrs. Hardcastle, Hastings and Miss Neville are enjoyable people to greet across the footlights and their first appearance at the Castle Square will undoubtedly be the occasion of crowded houses at every afternoon and evening performance.

SPORTSMEN'S SHOW.

The Sportsmen's Show, which the New England Forest, Fish and Game Association will give in Mechanics' Building, beginning Christmas Day and extending over a period of two weeks, bids fair to outshine any previous efforts in this line. In addition to the exhibits, filling two great spacious halls, basements, and balconies, and including the very valuable loan exhibits sent by the United States Government, a special feature will be made this season of Biograph Hunt Pictures taken especially for this Sportsmen's Show, and illustrated talks by such well known authorities as Ernest Seton Thompson, Homer Davenport, Howard W. Du Bois and Frank Chapman.

REDUCED RATES TO THE WEST.

Owing to the numerous inquiries in regard to reduced rates to points west of Chicago during the holidays, the Western Passenger Association has issued certificates to Registrar Humphrey, by use of which students of the Institute who intend to spend the holidays at points West, may travel at much reduced rates. These certificates may be obtained at the registrar's office, where the registrar's signature must be attached in order to make them valid.

RICH HARVARD.

During the present academic year Harvard will have $86,034 from the special Teachers' Endowment Fund with which to pay her instructors. In time this special fund will yield $108,732, in addition to other funds set aside to pay instructors. This is the fund being raised by the alumni under the guidance of Bishop Lawrence.

A change in the general engineering course at Union College will soon take place. Students in the junior and senior years will be allowed to substitute for some of the more technical subjects courses in sociology, history, elementary law, economics and finance, with a view toward preparing themselves for administrative positions.
